

allmineral

At the earliest date possible we are looking for an

Engineering Draftsman (m/f/d)

Full-time at our office in [Wroclaw, Poland](#)

allmineral is a world renowned and innovative specialist for processing technology for over 30 years with the headquarter in Düsseldorf / Germany. As a company with a start-up character, we are producing machines and plants for the processing of gravel, sand, ores, coal, slag and recycling applications – and supply them to our customers around the world. As part of the HAZEMAG Group, we work worldwide on the processing solutions of the future for our customers from a single source.

Your main tasks:

- Creating 3D models and detailed workshop drawings, basic calculations,
- Maintaining contacts with manufacturers and cooperation with other departments to fulfil all requirements for the products, ability to business trips (locally and worldwide).

Your profile

- Min. bachelor's degree (Mechanical Eng.)
- Min. 2 years' experience in 3D designing (preferable: weldments, chutes, water piping's, water tanks, mining machinery),
- Language: min. Eng (LEV. B2) or Ger (LEV. B2)
- Experience in developing product design and manufacturing, good knowledge of Autodesk Inventor, Autodesk Vault, Autodesk Autocad,
- Knowing of ProAlpha system will be welcome.

Our offer:

We offer a demanding position in an international and future-oriented environment with a high level of responsibility and great scope for creativity. Teamwork is a top priority at allmineral. We value openness, flexibility, flat hierarchies and transparent communication. As a company that has retained its start-up character, we are innovative and actively involve our employees in the development and implementation of corporate strategies. We offer you excellent prospects for your further professional and personal development. Appropriate, performance-related remuneration and attractive working conditions are a matter of course.

Are you interested? We look forward to receiving your application documents stating your salary expectations and your possible starting date to: career@allmineral.com. Please enter the keyword in the subject
